Library Resource Updates

May 24, 2018

The University Libraries announce the following updates to our collections:

American Memory is Now Library of Congress Digital Collections

American Memory is now [Library of Congress Digital Collections](#). Library of Congress Digital Collections includes over 300 open access digital collections spanning American history and culture. Formats include manuscripts, prints, photographs, posters, maps, sound recordings, motion pictures, books, pamphlets, and sheet music. Each online collection is accompanied by a set of explanatory features designed to make the materials easy to find, use, and understand. For more information see [here](#).

SciTechConnect Is Now OSTI.gov

The SciTech Connect database is now [OSTI.gov](#). OSTI.gov is the primary search tool for DOE science, technology, and engineering research and development results and the organizational hub for information about the DOE Office of Scientific and Technical Information. It consolidates OSTI's home page and the now-retired primary search tool SciTech Connect. For more information, see [here](#).

Center for Research Libraries (CRL)

The University Libraries support Georgia Southern University by providing access to information, collections, and services designed to meet the scholarly needs of the University and the general public. As part of this effort, and in coordination with GALILEO, the library continually reviews our database subscriptions to ensure that we provide the best possible mix of resources and research tools.

As part of this review, Center for Research Libraries (CRL) has been identified for cancellation effective June 1, 2018. On this date, all subscription access to CRL will be removed from the library website and the library will discontinue support for this resource.
